

Solicitors practising in youth court advocacy

8 March 2023

These resources are for solicitors practising in the youth justice system and their employers. They can help you:

- Address the challenges of practising in the youth justice system, including adapting to the needs of vulnerable children and engaging effectively with them.
- Meet your [continuing competence obligations](https://www.sra.org.uk/solicitors/resources/topic/continuing-competence/) by identifying and addressing any learning and development needs so your knowledge, skills and behaviours are up to date.
- Deliver a competent service as required by our [Code of Conduct](https://www.sra.org.uk/solicitors/standards-regulations/code-conduct-solicitors/).
- Demonstrate good practice.

We developed these resources with a wide range of stakeholders, including lawyers who practise in the youth justice system and representatives from:

- The Association of Youth Offending Team Managers
- The Ministry of Justice Working Group on Quality of Advocacy
- The Magistrates' Association
- Just for Kids Law
- The Crown Prosecution Service.

You can use these resources alongside our [continuing competence resources](https://www.sra.org.uk/solicitors/resources/continuing-competence/understanding-continuing-competence/) and our [advocacy resources](https://www.sra.org.uk/solicitors/resources-archived/advocacy/).
